The Group's principal activity is property development.

Dividends Paid or Recommended

No dividends were paid and no recommendation is made as to dividends during the half-year

Operating and Financial Review

The loss for the half-year period from 1 January 2016 to 30 June 2016 is mainly attributable to the increase in operational cost and the decrease in fair value of investment properties.

Review of Operations and Changes in State of Affairs

As at 31 December 2015, the main construction of the buildings, being the Exhibition Centre, Factories B, C and D, Warehouses A, B and C and the Commercial and Administrative Centre had been completed. During the six months ended 30 June 2016, internal construction works to plaster the building walls, to waterproof the buildings and to install insulation in the buildings were completed. In addition to this, other internal works in relation to the installation of ventilation systems, elevator systems, insulation and lighting were also completed for all buildings. During the period, installation of low current systems in each building and construction of roads and landscaping were in progress.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of CAQ Holdings Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of CAQ Holdings Limited, which comprises the consolidated statement of financial position as at 30 June 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 30 June 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of CAQ Holdings Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of CAQ Holdings Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

For personal use only

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of CAQ Holdings Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 June 2016 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*

NOTES TO THE CONSOLIDATION FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 30 JUNE 2016

1. Corporate Information

CAQ Holdings Limited (the “Company”) is a public Company listed on the Australian Securities Exchange (trading under the code: CAQ), incorporated in Australia and operating the business in China. The Company’s registered office and its principal place of business is at Level 24, 44 St George’s Terrace, Perth, WA 6000.

The Group’s principal activity is property development.

2. (a) Basis of Preparation of Half-Year Financial Statements

These consolidated interim financial statements for the half-year reporting period ended 30 June 2016 have been prepared in accordance with Australian Accounting Standard 134 Interim Financial Reporting and the Corporations Act 2001.

The historical cost basis has been used, except for investment properties, which have been measured at fair value.

These consolidated interim financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Group as the full financial statements. Accordingly, these consolidated interim financial statements are to be read in conjunction with the annual financial statements for the year ended 31 December 2015.

The same accounting policies and methods of computation have generally been followed in these half-year financial statements as compared with the most recent annual financial statements.

(b) Going Concern

The consolidated interim financial report has been prepared on the basis that the Group is a going concern, which considers the realisation of assets and the settlement of liabilities in the normal course of business activities. As at 30 June 2016 the Group has a net current assets position of \$4,640,211 (31 December 2015: \$15,349,417). The Group incurred an operating loss of \$3,681,922 for the half-year period ended 30 June 2016 and a net cash outflow from operating activities amounting to \$1,626,838 (31 December 2015: 2,097,944). As at 30 June 2016 the Group has a commitment of \$2,202,848 (31 December 2015: \$9,403,664) in respect of the construction for the Haikou Project. The official Inspection and Acceptance Certificate is expected to be obtained in the fourth quarter of 2016. The Directors consider that the Group will have adequate funds to enable it to operate as a going concern, based on the Group’s cash flow forecast and the fact that subsequent to the year end HPB entered into a bank loan facility with CITIC which at the date of this report has unutilised banking facilities amounting to RMB14,000,000 (approximately \$2,832,200). The financial statements do not include any adjustments that might be necessary should the Company not be able to continue as a going concern.

3. Segment Information

The Group operates in one segment being the construction of the Haikou Project and associated e-commerce platform for the sale of diamond jewellery, loose diamonds and imported jewellery industry. Accordingly the financial information reported elsewhere in this condensed consolidated interim financial statements is representative of the nature and financial effects of the business activities in which it engages and the economic environments in which it operates.

4. Dividends

No dividends were declared or paid during the half-year.

5. Investment Properties

	30 June 2016	31 December 2015

Closing balance as at end of period	<u>50,876,811</u>	<u>46,442,896</u>

Leasing Arrangements

The Group leases its investment properties under operating lease arrangements, with the leases negotiated for terms ranging from 10 to 30 years. The terms of the leases generally also require the tenants to pay security deposits and provide for periodic rent adjustments according to the tenancy agreements or further negotiation. Rental income cash flows are expected in 2017.

Fair value measurements

(i) Fair value hierarchy

This note explains the judgements and estimates made in determining the fair values of the non-financial assets that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial assets and liabilities into the three levels prescribed under the accounting standards.

NOTES TO THE CONSOLIDATION FINANCIAL STATEMENTS
FOR THE HALF-YEAR ENDED 30 JUNE 2016

5. Investment Properties (Continued)

(i) Fair value hierarchy (Continued)

The Group uses various methods in estimating the fair value of a financial instrument. The methods comprise:

- Level 1 – the fair value is calculated using quoted prices in active markets.
- Level 2 – the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset of liability, either directly (as prices) or indirectly (derived from prices).
- Level 3 – the fair value is estimated based on unobservable market data.

The following table sets out the Group's assets that are measured and recognised at fair value in the financial statements.

Period ended 31 December 2015

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$

5. Investment Properties (Continued)

(ii) Valuation techniques

The Group obtains independent valuations for its investment properties at least annually and for its leasehold land and buildings. At the end of each reporting period, the directors update their assessment of the fair value of each property, taking into account the most recent independent valuations. The directors determine a property's value within a range of reasonable fair value estimates.

The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available the directors consider information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences;
- discounted cash flow projections based on reliable estimates of future cash flows; and
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

All resulting fair value estimates for properties are included in level 3.

Description	Valuation Approach	Unobservable Inputs	Range of inputs used at 31 December 2015	Range of inputs used at 30 June 2016	Relationship Between Unobservable Inputs and Fair Value
Investment property	Income approach based on estimated rental value of the property. Market rent and capitalisation rate are estimated by an external valuer or management based on comparable transactions and industry data.	Market rent	RMB18 to 24 per sqm per month	RMB18 to 24 per sqm per month	The higher the market rent, the higher the fair value.
		Capitalisation rate	7.25%	7.25%	The higher the capitalisation rate, the lower the fair value.

As disclosed in the Group's annual report a valuation was performed by Crowe Horwath (HK) Consulting & Valuation Limited on the Haikou project as at 31 December 2015. This valuation was undertaken using the income approach based on the estimated rental value of the property less costs to complete.

As at 30 June 2016 this valuation methodology has led to a fair value decrease of \$2,784,602 during the period due to higher than budgeted construction costs since the last formal valuation was undertaken. The directors consider all other assumptions used in the valuation to be reasonable.

5. Investment Properties (Continued)

The official Inspection and Acceptance certificate for the Haikou Project is expected to be obtained in the fourth quarter of 2016. There are lease agreements in place for some of the investment properties with tenants under long-term operating leases with rental payable monthly. Minimum lease payments under the lease agreements not recognised in the financial statements, are receivable as follows:
