Mr Cheng has not held directorships in any other Australian listed company during the past three financial years.

Mr Kwan Chan

Non-Executive Director

Mr Kwan Chan has extensive experience in asset management and commercial acquisitions. Mr. Chan is an Executive Director of Wan Kei Group Holdings Limited. In September 2016, Mr Chan received his Diamond Graduate Diploma from the Gemological Institute of America, which brings unique knowledge to the Board. Mr Chan also has a Bachelor's degree in Law from the University of Leicester and a Bachelor's degree in Biomedical Sciences from the University of Essex.

Mr Chan has not held directorships in any other Australian listed company during the past three financial years.

Mr Chen Po Chung (appointed on 4 June 2019)

Non-Executive Director

Mr Chen is a venture capitalist with a background in the development of business turnaround strategies in Asia. His extensive experience covers the industries of general manufacturing, information technology, finance & banking, and retail & branding. Mr Chen has more than 25 Years of investment experience and was previously a Director with HSBC Private Equity Limited in Hong Kong, managing the investment activities throughout the Greater China Region.

Mr Chen has an MBA degree from National Sun Yat-sen University.

Mr Chen has not held directorships in any other Australian listed company during the past three financial years.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

DIRECTORS' REPORT

Mr. Mark Maine

Company Secretary

Mr Maine is an experienced company secretary who has previously been a director and a company secretary for a number of ASX listed companies over the past 19 years and the former Executive Chairman of ASX listed company, Peak Resources Limited. He is currently the company secretary of NTM Gold Limited and manages a consultancy business specialising in company secretarial practice, corporate strategy, governance and corporate administration. Mr Maine is a member of CPA Australia and holds a Master's degree in Commercial Law and a Bachelor's degree in Accounting from Curtin University, Western Australia.

Principal Activities

The Group's principal activity includes leasing of an investment property in the Haikou Free Trade Zone in People's Republic of China ("PRC") and jewellery trading.

Dividends Paid or Recommended

No dividends were paid during the year and no recommendation is made as to dividends. (2018: Nil)

Commentary on the Results for the Year

The net loss for the year ended 31 December 2019 was \$2,577,822 compared with a net loss of \$1,852,389 for the previous December 2018 period. The increase in the loss compared to the prior year is mainly attributable to the increase in the travel costs, increase in share of losses of a joint venture, increase in foreign currency loss offset by the decrease in staff costs. Refer to further analysis in the review of operations and changes in state of affairs.

Review of operations and changes in State of Affairs

Operational

During the year ended 31 December 2019, revenues earned from the Company's leasing business (net of business tax) amounted to \$1,256,918 (2018: \$434,419). This can be mainly attributed to increases in occupancy rates, which climbed to 54% at the end of the year. The Group expects the occupancy rate to maintain an upward trend in year 2020. In addition to this, revenues earned (before business tax) from the Company's jewellery business amounted to \$112,796 (2018: \$101,349). The Company's subsidiary Haikou Peace Base Development Co Limited ("HPB") has physical jewellery stores in Haikou Meilan Airport Duty-Free Mall as well as a jewellery e-commerce platform and a jewellery e-store on the JingDong Mall e-commerce platform.

During the year, the Company established a joint venture company, Hainan Kingmall International Trading Co., Ltd, which will operate on a B2C model within the Haikou Integrated Free Trade Zone. All overseas goods will first be shipped to CAQ's warehousing and exhibition facilities for customs' records and will then be sold inside the exhibition centre and can be delivered freely to the retail experience outlets operated by the joint venture. On 18 December 2019, the first retail experience outlet with physical area of 372 square metres opened in the Haikou Wanda Shopping Mall. An online distribution network, Kingmall's online shop (link: <http://www.kingmall.shop>) has also been launched for test run since 12 December 2019.

Corporate

On 4 June 2019, Mr Chen Po Chung were appointed as Non-Executive Director of the Company.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

DIRECTORS' REPORT

Likely Developments and Expected Results of Operations

Likely developments in the operations of the Group and then expected results of those operations in future financial years have not been included in this report as the directors believe on reasonable grounds, that the inclusion of such information would be likely to result in unreasonable prejudice to the Company.

Environmental Regulations

The Company's operations are not regulated by any significant environmental regulations under a law of the Commonwealth or of a State or Territory. Based on the Group's current operations, they are not required to register, nor are they required to report emissions data to the Greenhouse and Energy Data Officer under the National Greenhouse and Energy Reporting Act 2007.

Meetings of Directors

The numbers of meetings of the Company's Board of Directors and of each Board Committee held during the year ended 31 December 2019, and the numbers of meetings attended by each Director were:

- Ivan Cheng – Non-Executive Director (appointed 27 November 2017)
- Kwan Chan – Non-Executive Director (appointed 27 November 2017)
- Chen Po Chung – Non-Executive Director (appointed 4 June 2019)

Remuneration Philosophy

The performance of the Company depends on the quality of its Directors and other Key Management Personnel and therefore the Company must attract, motivate and retain appropriately qualified industry personnel. The Company embodies the following principles in its remuneration framework:

- provide competitive rewards to attract and retain high calibre Directors and other Key Management Personnel;
- link executive rewards to shareholder value (by the granting of share options);
- link reward with the strategic goals and performance of the Company; and
- ensure total remuneration is competitive by market standards.

ABN 86 091 687 740

DIRECTORS' REPORT

Remuneration Report (Continued)

Remuneration Governance

The Company has a remuneration committee. The Committee has not used remuneration consultants in determining the remuneration of Key Management Personnel. The compensation of Directors and Key Management Personnel are to be reviewed by the Committee annually. During the year, the members engaged in informal discussions.

The Committee assesses the appropriateness of the nature and amount of remuneration of such persons on a periodic basis by reference to relevant employment market conditions with the overall objective of ensuring maximum shareholder benefit from retention of high quality Directors and other Key Management Personnel. External advice on remuneration matters is sought whenever the Committee deems it necessary but has not been sought during the reporting period. The remuneration of the Directors and other Key Management Personnel is not dependent on the satisfaction of a performance condition.

The following table shows the gross revenue, results and the share price of the Company at the end of the respective financial years.

	31 December' 2015	31 December 2016	31 December 2017	31 December 2018	31 December 2019
	\$	\$	\$	\$	\$
Revenue and other income	81,665	653,389	2,029,144	1,218,166	1,582,852
Net(loss)/profit	(1,323,450)	(2,704,539)	(2,379,817)	(1,852,389)	(2,577,822)
Share price	19 cents	14 cents	8 cents	3.8 cents	0.9 cents

1) the company changed its financial year end from 30 June to 31 December in 2015.

Non-Executive Director Remuneration

The Board seeks to set remuneration of Non-Executive Directors at a level which provides the Company with the ability to attract and retain Directors of the highest calibre, whilst incurring a cost which is appropriate at this stage of the Group's operations.

The Directors have resolved that Non-Executive Directors' fees are \$48,000 (31 December 2018: \$48,000) per annum for each Non-Executive Director and \$72,000 (31 December 2018: \$72,000) per annum for the Non-Executive Chairman. In addition, Non-Executive Directors are entitled to be paid reasonable travelling, accommodation and other expenses incurred as a consequence of their attendance at meetings of Directors and otherwise in the execution of their duties as Directors.

The maximum annual aggregate directors' fee pool limit is \$500,000, as approved by Shareholders at the 2019 Annual General Meeting.

Executive Remuneration

Mr Ching Chung is entitled to a remuneration of \$221,638 (2018: \$218,075) per annum with no other benefits. The Board is in the process of determining an executive remuneration policy. At the date of this report, there is currently no element in that remuneration that is performance based. The service agreement with Mr Ching Chung has a notice period of 1 month.

The table below disclose the remuneration expense recognised for the group's executive Key Management Personnel.

DIRECTORS' REPORT

Indemnification of Directors and Officers

During the financial year, the Company paid a premium in respect of a contract of insurance insuring the Directors and officers of the Group against certain liabilities specified in the contract. The contract prohibits disclosure of the nature of the liabilities insured and the amount of the premium.

Indemnification of auditors

To the extent permitted by law, the Company has agreed to indemnify its auditors, Ernst & Young Australia, as part of the terms of its audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the financial year.

Events occurring after the reporting date

Subsequent to end of the financial year, the COVID-19 outbreak was declared a pandemic by the World Health Organization in March 2020.

The outbreak of a coronavirus (COVID-19) has led to substantial travel bans and lockdowns across China. Increased global travel restrictions amid virus infections locally and overseas, resulting in significant disruption to trade and threat to the global economy.

To date, we have not seen a significant impact on our business. The outbreak and the response of Governments in dealing with the pandemic is interfering with general activity levels within the community, the economy and the operations of our business. The scale and duration of these developments remain uncertain as at the date of this.

It is not possible to estimate the impact of the outbreak's near-term and longer effects or Governments' varying efforts to combat the outbreak and support businesses. This being the case we note that the value of certain assets and liabilities recorded in the statement of financial position determined by reference to fair or market values at 31 December 2019 may have materially changed by the date of this report. These include the valuation of investment property. In additions to assets measured at fair value, the impact of COVID-19 is also likely to impact the carrying value of Group's cash and cash equivalents, receivables and other current assets.

The financial statements have been prepared based upon conditions existing at 31 December 2019 and considering those events occurring subsequent to that date, that provide evidence of conditions that existed at the end of the reporting period. As the outbreak of COVID-19 occurred after 31 December 2019, its impact is considered an event that is indicative of conditions that arose after the reporting period and accordingly, no adjustments have been made to financial statements as at 31 December 2019 for the impacts of COVID-19.

Other than the above, there have not been any events that have arisen in the interval between the end of the financial period and the date of this report or any other item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to materially affect the operations of the Group, the results of those operations or the state of affairs of the Group, in future financial years.

DIRECTORS' REPORT

Non-Audit Services

The Directors are satisfied that the provision of non-audit services, is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001 for the following reasons:

- All non-audit services are reviewed by the audit committee to ensure they do not impact the impartiality and objectivity of the auditor; and
- None of the services undermine the general principles relating to auditor's independence as set out in APES 110 Code of Ethics for Professional Accountants.

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is included in this Annual Financial Report.

Non-audit services have not been provided by the entity's auditor, Ernst & Young for the year ended 31 December 2019 (31 December 2018: Nil).

Proceedings on Behalf of the Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

The Company was not a party to any such proceedings during the period.

Signed in accordance with a resolution of the Board of Directors:

Michael Siu
Director

Dated at Hong Kong this 31st day of March, 2020.

CAQ Holdings Limited and its Controlled Entities

DIRECTORS' DECLARATION
FOR THE YEAR ENDED 31 DECEMBER 2019

The Directors of the Group declare that:

1. The financial statements, comprising the Consolidated Statement of Profit or Loss and Other Comprehensive Income, Consolidated Statement of Financial Position, Consolidated Statement of Cash Flows, Consolidated Statements of Changes in Equity, accompanying notes, are in accordance with the Corporations Act 2001 and:
 - (a) comply with Australian Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements; and
 - (b) give a true and fair view of the financial position as at 31 December 2019 and of the performance for the year ended on that date of the Group.
2. In the Directors' opinion, there are reasonable grounds to believe CAQ Holdings Limited and its controlled entities will be able to pay its debts as and when they become due and payable.
3. Note 1(a) confirms that the financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board.
4. The Directors have been given the declarations as required by Section 295A of the Corporations Act for the financial year ended 31 December 2019.

This declaration is made in accordance with a resolution of the Board of Directors and is signed for and on behalf of the Directors by:

Michael Siu

Director

Dated at Hong Kong this 31st day of March, 2020.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies

The consolidated financial statements of CAQ Holdings Limited and its subsidiaries (collectively, the Group) for the year ended 31 December 2019 were authorised for issue in accordance with a resolution of the directors on 31 March 2020. CAQ Holdings Limited (the Company or the parent) is a limited company incorporated and domiciled in Australia and whose shares are publicly traded. The registered office is located at CAQ Holdings Limited c/o Trident Management Services Pty Ltd, Level 24, 44 ST George's Terrace, Perth WA 6000.

The Group is principally engaged in the leasing of an investment property in the Haikou Free Trade Zone in People's Republic of China ("PRC") and jewellery trading.

The principal accounting policies adopted in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, except for the impact of adopting of new accounting standards (see below). The consolidated financial statements are for the consolidated entity consisting of CAQ Holdings Limited and its controlled entities. The consolidated entity is a for-profit entity.

(a) Basis of preparation

This consolidated financial statements are general purpose financial statements that have been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standards and Interpretations used by the Australian Accounting Standards Board ("AASB").

Compliance with IFRS

The consolidated financial statements of the Group also complies with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

Historical cost convention

These consolidated financial statements have also been prepared a on historical costs basis, except for the investment property that has been measured at fair value.

New Accounting Standards and Interpretations adopted by the Group

The Group applied all new and amended Accounting Standards and Interpretations that were effective as at 1 January 2019, including:

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(a) Basis of preparation (Continued)

AASB 16: Leases

The application date of AASB 16 for the Group was 1 January 2019. AASB 16 was issued in January 2016 and it replaces AASB 117 Leases (“AASB 117”), AASB Interpretation 4 Determining whether an Arrangement contains a Lease (“AASB Interpretation 4”), AASB Interpretation-115 Operating Leases-Incentives (“AASB Interpretation 115”) and AASB Interpretation 127 Evaluating the Substance of Transactions Involving the Legal Form of a Lease (“AASB Interpretation 127”). AASB 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under AASB 117. The standard includes two recognition exemptions for lessees – leases of ‘low-value’ assets and short-term leases (i.e., leases with a lease term of 12 months or less). The Group has elected to use these recognition exemption for the lease contracts. At the commencement date of a lease, a lessee recognises a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees is required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

The Group adopted AASB 16 using the modified retrospective method of adoption with the date of initial application of 1 January 2019. At the transition date, the Group assessed all contracts which had assets embedded in it for leases under AASB 16. The Group elected to use the practical expedient for lease contracts that, at the commencement date, have a lease term of 12 months or less and do not contain a purchase option (“short-term leases”).

Adoption of AASB 16 did not have a material impact on the Group’s.

Adoption of AASB 16 did not have a material impact where the Group is the lessor as lessor accounting for leases under AASB 16 is similar to AASB 117.

Set out below are the new accounting policies of the Group upon adoption of AASB 16:

(i) Right of use assets

The Group recognises right of use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right of use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any re-measurement of lease liabilities. The cost of right of use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised right of use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term (where the entity does not have a purchase option at the end of the lease term). Right of use assets are subject to impairment.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(a) Basis of preparation (Continued)

AASB 16: Leases (Continued)

(ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as an expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate of the lessee at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

(iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of equipment (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption (i.e. below US\$5,000). Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

(iv) Significant judgement in determining the lease term of contracts with renewal options

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g. a change in business strategy).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(a) Basis of preparation (Continued)

AASB Interpretation 23: Uncertainty over Income Tax Treatment

The Interpretation addresses the accounting for income taxes when tax treatments involve uncertainty that affects the application of AASB 112 Income Taxes. It does not apply to taxes or levies outside the scope of AASB 112, nor does it specifically include requirements relating to interest and penalties associated with uncertain tax treatments. The Interpretation specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately
- The assumptions an entity makes about the examination of tax treatments by taxation authorities
- How an entity determines taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates
- How an entity considers changes in facts and circumstances

An entity has to determine whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty needs to be followed.

The interpretation did not have an impact on the consolidated financial statements of the Group.

Critical accounting estimates and judgements

The preparation of consolidated financial statements requires the use of certain critical accounting estimates and judgements. It also requires management to exercise its judgement in the process of applying the Group's accounting policies.

The following key judgements and estimates were made in preparing these financial statements:

Construction costs of investment properties

The construction costs of the Haikou Project is based on a draft settlement which is subject to the review and approval of both the Company and the contractors. The Group has recorded all amounts due to the contractors based on its best estimate. Should the settlement result in a higher amount, the Group would have to settle this additional liability.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing (including considering expiry of losses) and the level of future taxable profits, together with future tax planning strategies.

Investment properties

The fair value of investment properties is determined by using valuation techniques. For further details of the judgements and assumptions made, see Note 5.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(a) Basis of preparation (Continued)

Critical accounting estimates and judgements (Continued)

Provision for expected credit losses on receivables

The Group uses a provision matrix to calculate ECLs for receivables. The provision matrix is initially based on the Group's historical observed default rates. The Group calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. ECL was not considered to be significant for the year ended 31 December 2018 and 31 December 2019.

(b) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group and its subsidiaries as at 31 December 2019. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if, and only if, the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement(s) with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(b) Basis of consolidation (Continued)

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognised in profit or loss. Any investment retained is recognised at fair value.

(c) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors of CAQ Holdings Limited.

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different to those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment and is subject to risks and returns that are different from those of segments operating in other economic environments.

(d) Foreign currency translation

(i) Functional and presentation currency

The consolidated financial statements are presented in Australian dollars, which is CAQ Holdings Limited's functional and presentation currency.

The function currency of the Company's subsidiaries is as follows:

Name	Functional Currency
CAQ Diamond Network Limited	Hong Kong dollars
CAQ Diamond Network (HK) Limited	Hong Kong dollars
CAQ Finance Limited	Hong Kong dollars
CAQ Finance (HK) Limited	Hong Kong dollars
Rayport Limited	Hong Kong dollars
Peace Base Holdings Limited	Hong Kong dollars
Actual Winner Limited	Hong Kong dollars
Express Linker Limited	Hong Kong dollars
Haikou Peace Base Industry Development Co. Ltd.	Chinese Renminbi

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(d) Foreign currency translation (Continued)

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss, except when they are deferred in equity as qualifying cash flow hedges and qualifying net investment hedges.

(iii) Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities for each Statement of Financial Position presented are translated at the closing rate at the date of that Statement of Financial Position;
- income and expenses for each Statement of Profit or Loss and Other Comprehensive Income are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions); and
- all resulting exchange differences are recognised in other comprehensive income.

On consolidation, exchange differences arising from the translation of any net investment in foreign entities, and of borrowings and other financial instruments designated as hedges of such investments, are taken to shareholders' equity. When a foreign operation is sold or any borrowings forming part of the net investment are repaid, a proportionate share of such exchange differences are recognised in profit or loss, as part of the gain or loss on sale where applicable.

(e) Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

When the Group provides incentives to its tenants, the cost of incentives is recognised over the lease term, on a straight-line basis, as a reduction of rental income.

Service and management charges are recognised in the accounting period in which the services are rendered.

(f) Revenue from contracts with customers

In addition to rental income derived from the Group's investment property, the Group derives revenue from jewellery trading.

Revenue from contracts with customers is recognised when goods and services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods and services.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(f) Revenue from contracts with customers (Continued)

Sale of diamonds and jewellery

For the sale of diamonds and Jewellery, the Group has concluded that it is the principal in the arrangement as it controls the diamonds before transferring them to the customer. Revenue is recognised at a point in time when control of the diamonds is transferred to the customer. The transaction price is agreed with the customer at the point of sale.

The normal credit term is 30 to 60 days upon delivery.

(g) Interest income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). The EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset.

(h) Income tax

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the full liability balance sheet method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(h) Income tax (Continued)

Deferred tax (Continued)

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. The adjustment is either treated as a reduction in goodwill (as long as it does not exceed goodwill) if it was incurred during the measurement period or recognised in profit or loss.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(i) *Financial instruments*

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under AASB 15.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortised cost (debt instruments)

This is the only category of financial asset that the Group has, which includes trade receivables, deposits and other debtors, and long term other receivables.

The Group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(i) Financial instruments (Continued)

Financial assets at amortised cost (debt instruments) (Continued)

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(i) *Financial instruments (Continued)*

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities comprise of only trade and other payables.

Subsequent measurement

All financial liabilities are subsequently measured at amortised cost using the EIR method, unless they meet certain criteria to be classified at fair value through profit or loss in accordance with AASB 9.

Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

The Group has not designated any financial liabilities as at fair value through profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(j) *Goods and Services tax ("GST") and Value Added Tax ("VAT")*

Revenues, expenses and assets are recognised net of the amount of GST and VAT except:

- when the GST and VAT incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST and VAT is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables, which are stated with the amount of GST and VAT included.

The net amount of GST and VAT recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis and the GST and VAT component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST and VAT recoverable from, or payable to, the taxation authority.

ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(k) Leases (up to 31 December 2018)

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Group as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease. Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit or loss.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

An operating lease is a lease other than a finance lease. Operating lease payments are recognised as an operating expense in the statement of profit or loss on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

(l) Cash and cash equivalents

Cash and short-term deposits in the Consolidated Statement of Financial Position comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less.

For the purpose of the Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts.

(m) Inventory

Inventories are stated at the lower of cost and net realisable value. Purchase cost of inventory is on a weighted average basis, after deducting any settlement discounts, suppliers rebates and including logistics expenses incurred in bringing inventories to their present location and condition. Net realisable value is based on estimated selling prices less any estimated costs to be incurred to completion and disposal.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(n) Investment Properties

Investment properties include both completed investment properties and investment properties under construction.

Completed investment properties are interests in land and building (including leasehold interest under an operating lease for a property which would otherwise meet the definition of an investment property) held to earn rental income and/or capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes (“**owner occupied property**”). Such investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period. External valuers are involved in determining fair value of investment properties at least annually. Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the period in which it arise.

Investment properties under construction or development for future use as investment properties are classified as investment properties under construction. Such investment properties are initially measured at cost, including transaction cost. Subsequent to initial recognition, investment properties under construction are carried at cost until either its fair value becomes reliably measurable or construction is completed (whichever is earlier).

(o) Plant and equipment

Plant and equipment are brought to account at cost, less where applicable any accumulated depreciation and impairment losses. The carrying amount of plant and equipment is reviewed annually by Directors to ensure it is not in excess of the recoverable amount from those assets. The recoverable amount is assessed on the basis of expected net cash flows which will be received from the assets employment and subsequent disposal.

The gain or loss on disposal of all plant and equipment is determined as the difference between the carrying amount of the asset at the time of disposal and the proceeds of disposal, and is included in profit or loss for the year.

The depreciable amount of plant and equipment are depreciated over their useful lives commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Motor vehicles	24%
Equipment	10%-32%
Furniture & Fixtures	33%

(p) Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset’s recoverable amount. An asset’s recoverable amount is the higher of its fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets and the asset’s value in use cannot be estimated to be close to its fair value. In such cases the asset is tested for impairment as part of the cash-generating unit to which it belongs.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(p) Impairment of non-financial assets (Continued)

When the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset or cash-generating unit is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Impairment losses relating to continuing operations are recognised in those expense categories consistent with the function of the impaired asset.

(q) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period to get ready for their intended use or sale.

(r) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability.

When discounting is used, the increase in the provision due to the passage of time is recognised as a borrowing cost.

(s) Employee benefits

(i) Wages, salaries, annual leave and sick leave

Liabilities for wages and salaries, including non-monetary benefits, annual leave and accumulating sick leave expected to be settled within 12 months of the reporting date are recognised in other payables in respect of employees' services up to the reporting date. They are measured at the amounts expected to be paid when the liabilities are settled. Liabilities for non-accumulating sick leave are recognised when the leave is taken and are measured at the rates paid or payable.

(ii) Long service leave

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures, and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currencies that match, as closely as possible, the estimated future cash outflows.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(s) Employee benefits (Continued)

(iii) Share-based payments

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The fair value is determined by an internal valuation using a Binomial option pricing model.

The cost of equity-settled transactions is recognised, together with a corresponding increase in equity, over the period in which the performance conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award (“**vesting date**”).

The cumulative expense recognised for equity-settled transactions at each reporting date until vesting date reflects (i) the extent to which the vesting period has expired; and (ii) the number of options that, in the opinion of the Directors of the Company, will ultimately vest. This opinion is formed based on the best available information at reporting date. No adjustment is made for the likelihood of market performance conditions being met as the effect of these conditions is included in the determination of fair value at grant date.

(t) Contributed equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(u) Earnings per share

Basic earnings per share is calculated as net profit or loss attributable to shareholders, adjusted to exclude any costs of servicing equity (other than dividends) and preference share dividends, divided by the weighted average number of ordinary shares, adjusted for any bonus element.

Diluted earnings per share is calculated as net profit attributable to shareholders, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares; divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

(v) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(w) Fair value measurement

The Group measures investment properties, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset takes place either:

- In the principal market for the asset
- In the absence of a principal market, in the most advantageous market for the asset

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset is measured using the assumptions that market participants would use when pricing the asset, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

The Group obtains independent valuations (from an independent professional qualified valuers who hold a recognised relevant professional qualification and has recent experience in the location and segment of the investment properties valued) at least annually.

Fair-value related disclosures for investment property measured at fair value are disclosed in Note 5.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(x) Investment in joint ventures

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

The considerations made in determining significant influence or joint control are similar to those necessary to determine control over subsidiaries.

The Group's investment in joint venture are accounted for using the equity method.

Under the equity method, the investment in a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the joint venture since the acquisition date. Goodwill relating to the joint venture is included in the carrying amount of the investment and is not tested for impairment separately.

The statement of profit or loss reflects the Group's share of the results of operations of the joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the joint venture are eliminated to the extent of the interest in the joint venture.

The aggregate of the Group's share of profit or loss of a joint venture is shown on the face of the statement of profit or loss outside operating profit and represents profit or loss after tax and non-controlling interests in the subsidiaries of the joint venture.

The financial statements of the joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value, and then recognises the loss within 'Share of profit of a joint venture' in the statement of profit or loss.

Upon loss of joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the joint venture upon loss joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 1: Summary of significant accounting policies (Continued)

(y) New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for the year ended 31 December 2019. The Group has reviewed these new accounting standards and interpretations and concluded that adoption of these new accounting standards and interpretations is not expected to have a significant impact on the financial performance and position of the Group.

Note 2: Segment reporting

The Group has two lines of business being property development and jewellery trading. However, due to the size of the Group's operations, the chief operating decision maker being the board of directors, reviews the operating results at the consolidated group level. Hence, the operations of the Group represent one operating segment.

Information about products and services

	2019	2018
	\$	\$
Revenue from contracts with customers (Sale of diamonds and goods)	125,787	101,349
Rental income	1,243,927	434,419

FOR THE YEAR ENDED 31 DECEMBER 2019

Note 3: Financial risk management

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and interest rate risk), credit risk and liquidity risk. The Group's overall risk management program seeks to minimise potential adverse effects on the financial performance of the Group. The Group uses different methods to measure different types of risk to which it is exposed.

Risk management is carried out by the Board of Directors with assistance from suitably qualified external advisors. The Board provides written principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and liquidity risk. Further policies will evolve that are commensurate with the evolution and growth of the Company.

The carrying values of the Group's financial instruments are as follows:

	2019	2018
	\$	\$

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 3: Financial risk management (Continued)

The Group's policy is that no trading in financial instruments shall be undertaken. The main risks arising for the Group are commodity risk, foreign exchange risk, interest rate risk, credit risk and liquidity risk. The Board reviews and agrees policies for managing each of these risks and they are summarised below.

(a) Market risk

(i) Foreign exchange risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates. As a result of its significant investment operations in Mainland China, the Group's statement of financial position can be affected significantly by movements in the USD, RMB and HKD exchange rate.

The Group's exposure to foreign currency risk is as follows:

	<i>USD</i>	<i>RMB</i>	<i>HKD</i>
2019			
Cash and cash equivalents (in AUD)	485,944	139	178,028
Net Exposure	485,944	139	178,028
2018			
Cash and cash equivalents (in AUD)	2,417,023	55	246,107
Net Exposure	2,417,023	55	246,107

As 31 December 2019

	Foreign currency risk of subsidiary with functional currency is RMB	Foreign currency risk of subsidiary with functional currency is HKD	Foreign currency risk of subsidiary with functional currency is AUD	
Bank balance denominated in:	<i>HKD</i>	<i>RMB</i>	<i>USD</i>	<i>HKD</i> <i>USD</i>
It is estimated that if functional currency has strengthened/weakened against by 5% and the Group's profit for the period would decrease/increase by approximately (in AUD)	5,650	7	8,863	3,263 15,434

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 3: Financial risk management (Continued)

(a) Market risk (Continued)

(i) Foreign exchange risk (Continued)

As 31 December 2018

	Foreign currency risk of subsidiary with functional currency is RMB	Foreign currency risk of subsidiary with functional currency is HKD		Foreign currency risk of subsidiary with functional currency is AUD	
Bank balance denominated in:	<i>HKD</i>	<i>RMB</i>	<i>USD</i>	<i>HKD</i>	<i>USD</i>
It is estimated that if functional currency has strengthened/weakened against by 5% and the Group's profit for the period would decrease/increase by approximately (in AUD)	5,570	3	3,640	6,719	117,211

(ii) Cash flow and interest rate risk

The Group is exposed to interest rate risk due to variable interest being earned on its interest-bearing bank accounts.

As at the end of the reporting period, the Group had the following interest-bearing financial instruments:

	31 December 2019		31 December 2018	
	Effective interest rate	Balance \$	Effective interest rate	Balance \$
Financial Assets				
Cash and cash equivalents	0.28%	2,424,738	0.20%	4,318,791
Net exposure to interest rate risk		2,424,738		4,318,791

The sensitivity analyses below have been determined based on the exposure to interest rates at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A 20 basis point increase or decrease is used when reporting interest rate risk internally to Directors and represents management's assessment of the possible change in interest rates.

At reporting date, if interest rates had been 20 basis points higher or lower and all other variables were held constant, the Company's net revenue would increase by \$4,849 and decrease by \$4,849 respectively (31 December 2018: decrease or increase by \$8,638).

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 3: Financial risk management (Continued)

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions. As at 31 December 2019, there is a prepayment of \$723,135 to a third party in related to purchase of stocks, the prepayment is refundable within one year (2018: nil).

Credit risk is managed by the Board.

All cash balances held at banks are recognised financial institutions. There are no formal credit approval processes and risk management in place.

The maximum exposure to credit risk at reporting date is the carrying amount of the financial assets as summarised below. The Group does not hold collateral as security.

	2019	2018
	\$	\$
Cash and cash equivalents	2,424,738	4,318,791
Trade and other receivables	358,515	1,701,992
	2,783,253	6,020,783

Set out below is the information about the credit risk exposure on the Group's trade receivables

For the financial year ended 31 December 2019, financial assets that were neither past due and not impaired amounted to \$358,515 (2018: \$1,701,992).

(c) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash balances and access to equity funding.

The Directors monitor the cash-burn rate of the Group on an on-going basis against budget and the maturity profiles of financial assets and liabilities to manage its liquidity risk.

The financial liabilities that the Group had at reporting date were trade payables incurred in the normal course of the business. Trade payables were non-interest bearing and were due within the normal 30-60 days terms of creditor payments.

Note 3: Financial risk management (Continued)

(c) Liquidity risk (Continued)

The following table sets out the carrying amount of the financial instruments by maturity:

Fair value measurements

(i) *Fair value hierarchy*

This note explains the judgements and estimates made in determining the fair values of the non-financial assets that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial assets and liabilities into the three levels under the fair value hierarchy in accordance with AASB 13: *Fair Value Measurement*.

The Group uses various methods in estimating the fair value of a financial instrument. The methods comprise:

- Level 1 – the fair value is calculated using quoted prices in active markets.
- Level 2 – the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
- Level 3 – the fair value is estimated based on unobservable market data.

The following table sets out the Group's assets that are measured and recognised at fair value in the financial statements.

31 December 2019

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Non-financial assets				
Investment property	–	–	59,715,430	59,715,430
Total non-financial assets	<u>–</u>	<u>–</u>	<u>59,715,430</u>	<u>59,715,430</u>

31 December 2018

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Non-financial assets				
Investment property	–	–	60,196,834	60,196,834

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 5: Investment Properties (Continued)

Fair value measurements (Continued)

(i) *Fair value hierarchy (Continued)*

The Group obtains independent valuations (from an independent professional qualified valuers who hold a recognised relevant professional qualification and has recent experience in the location and segment of the investment properties valued) at least annually and for its leasehold land and buildings. At the end of each reporting period, the directors update their assessment of the fair value of the property, taking into account the most recent independent valuations. The directors determine a property's value within a range of reasonable fair value estimates.

The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available the directors consider information from a variety of sources including:

- current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences;
- discounted cash flow projections based on reliable estimates of future cash flows; and
- capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

All resulting fair value estimates for properties are included in level 3.

Investment property valuation assumptions

The investment property is located in a newly developed area with a few new industrial and residential development and accordingly, the independent external valuer has valued the investment property at 31 December 2019 by considering both the depreciated replacement cost method and the income approach. Valuation assumptions used by the independent external valuer are detailed in the table below

	Valuation approach	Unobservable Inputs	Range of inputs	Relationship Between Unobservable Inputs and Fair Value
Financial year ended 31 December 2019	Depreciated replacement cost approach	Construction cost	RMB2,100 to RMB3,300 per sqm	The higher construction cost, the higher the fair value.
		Land value	RMB505 per sqm	The higher land value, the higher the fair value.
	Income approach	Market rent	RMB23.9 per sqm per month	The higher rental income, the higher the fair value.
		Capitalisation rate	8%	
Financial year ended 31 December 2018	Depreciated replacement cost approach	Construction cost	RMB2,000 to RMB3,200 per sqm	The higher construction cost, the higher the fair value.
		Land value	RMB511 per sqm	The higher land value, the higher the fair value.
	Income approach	Market rent	RMB23 per sqm per month	The higher rental income, the higher the fair value.
		Capitalisation rate	8%

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 5: Investment Properties (Continued)

Fair value measurements (Continued)

(i) *Fair value hierarchy (Continued)*

Investment property valuation assumptions (Continued)

There are lease agreements in place with tenants under long-term operating leases with rental payable monthly. Minimum lease payments under the lease agreements not recognised in the financial statements, are receivable as follows:

	2019	2018
	\$	\$
Within one year	1,976,022	1,052,146
Between 1 and 2 years	1,667,801	809,135
Between 2 and 3 years	807,713	703,931
Between 3 and 4 years	784,563	628,988
Between 4 and 5 years	581,381	571,652
More than 5 year	1,160,147	1,186,936
	6,977,627	4,952,788
	6,977,627	4,952,788

The investment properties are leased to tenants under operating leases with rentals payable monthly.

Lease payments for some contracts include a fixed rate of increases over the lease periods. Where considered necessary to reduce credit risk, the group may obtain guarantees for the term of the lease or increase the amount of deposits.

Although the group is exposed to changes in the residual value at the end of the current leases, the group typically enters into new operating leases and therefore will not immediately realise any reduction in residual value at the end of these leases. Expectations about the future residual values are reflected in the fair value of the properties.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 11: Current assets – Cash and cash equivalents

(a) Reconciliation of Cash

For the purposes of the statement of cash flows, cash includes cash on hand and in banks and investments in money market instruments, net of outstanding bank overdrafts. Cash at the end of the financial period as shown in the statement of cash flows is reconciled to the related items in the statement of financial position, as follows:

	2019	2018
	\$	\$
Current Assets		
Cash at bank and in hand	<u>2,424,738</u>	<u>4,318,791</u>
Net Cash	<u><u>2,424,738</u></u>	<u><u>4,318,791</u></u>

The carrying value of cash and cash equivalents approximates fair value.

Cash at bank and on hand balances as at 31 December 2019 includes Chinese Renminbi (“RMB”) denominated equivalent balance of \$1,452,786 (31 December 2018: \$1,310,882) which are held with reputable financial institutions in the People’s Republic of China in current accounts.

The Chinese RMB is not freely convertible into foreign currencies. Under the People’s Republic of China (“PRC”) Foreign Exchange Control Regulations and Administration of Settlement, Sales and Payment of Foreign Exchange Regulations, the Group is permitted to exchange RMB for foreign currencies through banks that are authorized to conduct foreign exchange business.

The exchange rate of RMB is determined by the government of the PRC and the remittance of funds out of the PRC is subject to exchange restrictions imposed by the government of the PRC.

(b) Interest Rate Risk Exposure

The Group’s exposure to interest rate risk is discussed in note 3.

	143,955	135,515

Note 18: Contingencies

Contingent liabilities

The Group is in the process of finalising the construction cost of the investment property with the Constructor for work completed in 2016. At the date of this report, an amount of \$5.69 million (RMB27.8 million) in respect of variations to work undertaken during the construction of the investment property is under negotiation and the Group has made an advance of \$3.44 million (RMB16.8 million) to the Constructor in lieu of the variations claimed. The balance of the claim of \$2.38 million (RMB11.6 million) has not been accrued for in these financial statements as the Directors consider that payment for \$2.38 million (RMB11.6 million) is remote taking into consideration that work claimed to have been performed by the Constructor cannot be substantiated.

Other than the matters set put above, there are no other contingent liabilities that require disclosure in the financial statements.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019

Note 19: Events occurring after the reporting date

Subsequent to end of the financial year, the COVID-19 outbreak was declared a pandemic by the World Health Organization in March 2020.

The outbreak of a coronavirus (COVID-19) has led to substantial travel bans and lockdowns across China. Increased global travel restrictions amid virus infections locally and overseas, resulting in significant disruption to trade and threat to the global economy.

To date, we have not seen a significant impact on our business. The outbreak and the response of Governments in dealing with the pandemic is interfering with general activity levels within the community, the economy and the operations of our business. The scale and duration of these developments remain uncertain as at the date of this.

It is not possible to estimate the impact of the outbreak's near-term and longer effects or Governments' varying efforts to combat the outbreak and support businesses. This being the case we note that the value of certain assets and liabilities recorded in the statement of financial position determined by reference to fair or market values at 31 December 2019 may have materially changed by the date of this report. These include the valuation of investment property. In additions to assets measured at fair value, the impact of COVID-19 is also likely to impact the carrying value of Group's cash and cash equivalents, receivables and other current assets.

The financial statements have been prepared based upon conditions existing at 31 December 2019 and considering those events occurring subsequent to that date, that provide evidence of conditions that existed at the end of the reporting period. As the outbreak of COVID-19 occurred after 31 December 2019, its impact is considered an event that is indicative of conditions that arose after the reporting period and accordingly, no adjustments have been made to financial statements as at 31 December 2019 for the impacts of COVID-19.

Other than the above, there have not been any events that have arisen in the interval between the end of the financial period and the date of this report or any other item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to materially affect the operations of the Group, the results of those operations or the state of affairs of the Group, in future financial years.

CORPORATE GOVERNANCE STATEMENT

The Board is responsible for establishing the Company's corporate governance framework, the key features of which are set below. In establishing its corporate governance framework, the Board has referred to the 3rd edition of the ASX Corporate Governance Councils' Corporate Governance Principles and Recommendations.

In accordance with ASX Listing Rule 1.1 Condition 13, the corporate governance statement set out discloses the extent to which the Company intends to follow the recommendations as at the date of reinstatement of the Company's securities to quotation on ASX. The Company will follow each recommendation where the Board has considered the recommendation to be an appropriate benchmark for its corporate governance practices. Where the Company's corporate governance practices will follow a recommendation, the Board has made appropriate statements reporting on the adoption of the recommendation. In compliance with the "if not, why not" reporting regime, where, after due consideration, the Company's corporate governance practices will not follow a recommendation, the Board has explained its reasons for not following the recommendation and disclosed what, if any, alternative practices the Company will adopt instead of those in the recommendation.

The following governance-related documents can be found on the Company's website at www.caqholdings.com, under the section marked "Corporate Governance":

- (a) Board Charter;
- (b) Board Performance Evaluation Policy;
- (c) Code of Conduct;
- (d) Audit Committee Charter;
- (e) Remuneration and Nomination Committee Charter;
- (f) Security Trading Policy;
- (g) Continuous Disclosure Policy;
- (h) Shareholder Communication and Investor Relations Policy;
- (i) Risk Committee Charter;
- (j) Risk Management Policy; and
- (k) Diversity Policy.

Principle 1: Lay solid foundations for management and oversight

Recommendation 1.1

The Company has established the respective roles and responsibilities of its Board and management, and those matters expressly reserved to the Board and those delegated to management, and have documented this in its Board Charter.

The responsibilities of the Board include but are not limited to:

- (a) setting and reviewing strategic direction and planning;
- (b) reviewing financial and operational performance;
- (c) identifying principal risks and reviewing risk management strategies; and
- (d) considering and reviewing significant capital investments and material transactions.

In exercising its responsibilities, the Board recognises that there are many stakeholders in the operations of the Company, including employees, shareholders, co-ventures, the government and the community.

The Board has delegated responsibility for the business operations of the Company to the Chief Executive Officer (or equivalent) and the management team. The management team, led by the Chief Executive Officer (or equivalent) is accountable to the Board.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

CORPORATE GOVERNANCE STATEMENT

Principle 1: Lay solid foundations for management and oversight (Continued)

Recommendation 1.2

The Company undertakes appropriate checks before appointing a person, or putting forward to shareholders a candidate for election as a director and provides shareholders with all material information in its possession relevant to a decision on whether or not to elect a director. The checks which are undertaken, and the information provided to shareholders, are set out in the Company's Remuneration and Nomination Committee Charter.

Recommendation 1.3

The Company has a written agreement with all the Directors.

The material terms of any employment, service or consultancy agreement the Company, or any of its child entities, has entered into with its Chief Executive Officer, any of its directors, and any other person or entity who is a related party of the Chief Executive Officer or any of its directors will be disclosed in accordance with ASX Listing Rule 3.16.4 (taking into consideration the exclusions from disclosure outlined in that rule).

Recommendation 1.4

The Company Secretary is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. The Company Secretary is responsible for the application of best practice in corporate governance and also supports the effectiveness of the Board by:

- (a) ensuring a good flow of information between the Board, its committees, and Directors;
- (b) monitoring policies and procedures of the Board;
- (c) advising the Board through the Chairman of corporate governance policies; and
- (d) conducting and reporting matters of the Board, including the despatch of Board agendas, briefing papers and minutes.

Recommendation 1.5

The Company has a Diversity Policy, the purpose of which is:

- (a) to outline the Company's commitment to creating a corporate culture that embraces diversity and, in particular, focuses on the composition of its Board and senior management; and
- (b) to provide a process for the Board to determine measurable objectives and procedures which the Company will implement and report against to achieve its diversity goals.

The Board intends to set measurable objectives for achieving diversity, specifically including gender diversity, which will be disclosed in the Company's corporate governance statement for the financial year ended 31 December 2020, and will review the effectiveness and relevance of these measurable objectives on an annual basis.

Recommendation 1.6

The Board will be responsible for evaluating the performance of the Company's senior executives in accordance with the process disclosed in the Company's Process for Performance Evaluations, which is currently being developed by the Board.

The Chair will be responsible for evaluating the performance of the Company's executive directors in accordance with the process disclosed in the Company's Process for Performance Evaluations, which is currently being developed by the Board. A general performance evaluation was undertaken in the reporting period.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

CORPORATE GOVERNANCE STATEMENT

Principle 1: Lay solid foundations for management and oversight (Continued)

Recommendation 1.7

The Chair will be responsible for evaluating the performance of the Board, Board committees and individual directors in accordance with the process disclosed in the Company's Board performance evaluation policy.

This policy is to ensure:

- (a) individual Directors and the Board as a whole work efficiently and effectively in achieving their functions;
- (b) the executive Directors and key executives execute the Company's strategy through the efficient and effective implementation of the business objectives; and
- (c) committees to which the Board has delegated responsibilities are performing efficiently and effectively in accordance with the duties and responsibilities set out in the board charter.

This policy will be reviewed annually.

The Company will report on whether an evaluation of the Board, its committees and individual directors has taken place in the relevant reporting period, and whether the process was in accordance with the process disclosed, in each of its corporate governance statements. An assessment was not performed during the financial year.

Principle 2: Structure the board to add value

Recommendation 2.1

The Company has a separate Nomination Committee comprising of Qian Xu and Ching Chung. Ching Chung is an executive director. However, due to his experience, it was considered appropriate for Ching Chung to be on the committee. There were informal discussions held in relation to nomination matters during the year.

The duties of the nomination committee are set out in the Company's Nomination Committee Charter which is available on the Company's website.

The Board has adopted a Nomination Committee Charter which describes the role, composition, functions and responsibilities of a Nomination Committee and is disclosed on the Company's website.

Recommendation 2.2

The mix of skills and diversity which the Board is looking to achieve in its composition is:

- (a) a broad range of business experience; and
- (b) technical expertise and skills required to discharge duties.

An evaluation was not performed during the financial year.

Recommendation 2.3

The Board considers the independence of directors having regard to the relationships listed in Box 2.3 of the Principles and Recommendations.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

CORPORATE GOVERNANCE STATEMENT

Principle 2: Structure the board to add value (Continued)

Recommendation 2.3 (Continued)

Currently the Board is structured as follows:

- (a) Paul Price (Non-Executive Director and Chairman);
- (b) KC Dennis Ong (Non-Executive Director);
- (c) Michael Siu (Non-Executive Director);
- (d) Qian Xu (Non-Executive Director);
- (e) Ching Chung (Executive Director and Deputy Chairman);
- (f) Yuk Cheung Chan (Non-Executive Director);
- (g) Ivan Cheng (Non-Executive Director); and
- (h) Kwan Chan (Non-Executive Director).
- (i) Chen Po Chung (Non-Executive Director).

Paul Price was, during the year, a director and shareholder of Trident Capital Pty Ltd, which is a shareholder of the Company and a provider of material professional services, and accordingly, is not considered independent.

Michael Siu, Qian Xu and Ivan Cheng are directors of Beijing Properties (Holdings) Limited, which is a substantial shareholder of the Company, and accordingly, is not considered independent.

Ching Chung is an executive director, and accordingly, is not considered independent.

Kwan Chan is a substantial holder of the Company and accordingly, is not considered independent.

Yuk Cheung Chan is a relative of Kwan Chan and accordingly, is not considered independent.

Recommendation 2.4

Currently, the Board considers that membership weighted towards technical expertise is appropriate at this stage of the Company's operations. A majority of the Board is not independent.

Recommendation 2.5

As noted above, Paul Price is not an independent Chairman. However, Paul Price is considered to be the most appropriate person to Chair the Board because of his public company experience.

Recommendation 2.6

It is a policy of the Company, that new Directors undergo an induction process in which they are given a full briefing on the Company. Where possible this includes meetings with key executives, tours of the premises, an induction package and presentations.

In order to achieve continuing improvement in Board performance, all Directors are encouraged to undergo continual professional development. Specifically, Directors are provided with the resources and training to address skills gaps where they are identified.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

CORPORATE GOVERNANCE STATEMENT

Principle 3: Act ethically and responsibly

Recommendation 3.1

The Company is committed to promoting good corporate conduct grounded by strong ethics and responsibility. The Company has established a Code of Conduct (**Code**), which addresses matters relevant to the Company's legal and ethical obligations to its stakeholders. It may be amended from time to time by the Board, and is disclosed on the Company's website.

The Code applies to all Directors, employees, contractors and officers of the Company.

The Code will be formally reviewed by the Board each year.

Principle 4: Safeguard integrity in corporate reporting

Recommendation 4.1

The Company has a separate Audit Committee comprising of Paul Price, KC Ong and Michael Siu.

The Audit Committee is responsible for the initial appointment of the external auditor and the appointment of a new external auditor when any vacancy arises. Candidates for the position of external auditor must demonstrate complete independence from the Company through the engagement period. The Audit Committee may otherwise select an external auditor based on criteria relevant to the Company's business and circumstances. The performance of the external auditor is reviewed on an annual basis by the Audit Committee.

The Board has adopted an Audit Committee Charter which describes the role, composition, functions and responsibilities of the Audit Committee and is disclosed on the Company's website.

Recommendation 4.2

Before the Board approves the Company financial statements for each financial period it will receive from the Chief Executive Officer and the Chief Financial Officer or equivalent a declaration that, in their opinion, the financial records of the Company for the relevant financial period have been properly maintained and that the financial statements for the relevant financial period comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Company and the consolidated entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

CAQ Holdings Limited and its Controlled Entities
ABN 86 091 687 740

CORPORATE GOVERNANCE STATEMENT

Principle 4: Safeguard integrity in corporate reporting (Continued)

Recommendation 4.3

Under section 250RA of the Corporations Act, the Company's auditor is required to attend the Company's annual general meeting at which the audit report is considered, and if they cannot, they are to arrange to be represented by a person who is a suitably qualified member of the audit team that conducted the audit and is in a position to answer questions about the audit. Each year, the Company will write to the Company's auditor to inform them of the date of the Company's annual general meeting. In accordance with section 250S of the Corporations Act, at the Company's annual general meeting where the Company's auditor or their representative is at the meeting, the Chair will allow a reasonable opportunity for the members as a whole at the meeting to ask the auditor (or their representative) questions relevant to the conduct of the audit; the preparation and content of the auditor's report; the accounting policies adopted by the Company in relation to the preparation of the financial statements; and the independence of the auditor in relation to the conduct of the audit. The Chair will also allow a reasonable opportunity for the auditor (or their representative) to answer written questions submitted to the auditor under section 250PA of the Corporations Act.

Principle 5: Make timely and balanced disclosure

Recommendation 5.1

The Company is committed to:

- (a) ensuring that shareholders and the market are provided with full and timely information about its activities;
- (b) complying with the continuous disclosure obligations contained in the Listing Rules and the applicable sections of the Corporations Act; and
- (c) providing equal opportunity for all stakeholders to receive externally available information issued by the Company in a timely manner.

The Company has adopted a Disclosure Policy, which is disclosed on the Company's website. The Disclosure Policy sets out policies and procedures for the Company's compliance with its continuous disclosure obligations under the ASX Listing Rules, and addresses financial markets communication, media contact and continuous disclosure issues. It forms part of the Company's corporate policies and procedures and is available to all staff.

The Company Secretary manages the policy. The policy will develop over time as best practice and regulations change and the Company Secretary will be responsible for communicating any amendments. This policy will be reviewed by the Board annually.

Principle 6: Respect the rights of security holders

Recommendation 6.1

The Company provides information about itself and its governance to investors via its website at www.cellaquaculture.com.au.

The Company is committed to maintaining a Company website with general information about the Company and its operations and information specifically targeted at keeping the Company's shareholders informed about the Company. In particular, where appropriate, after confirmation of receipt by ASX, the following will be posted to the Company website:

- (a) relevant announcements made to the market via ASX;
- (b) media releases;
- (c) investment updates;
- (d) Company presentations and media briefings;
- (e) copies of press releases and announcements for the preceding three years; and
- (f) copies of annual and half yearly reports including financial statements for the preceding three years.

CORPORATE GOVERNANCE STATEMENT

Principle 6: Respect the rights of security holders (Continued)

Recommendation 6.2

The Company has a Shareholder Communication and Investor Relations Policy which aims to ensure that Shareholders are informed of all major developments of the Company. The policy is disclosed on the Company's website.

Information is communicated to Shareholders via:

- (a) reports to Shareholders;
- (b) ASX announcements;
- (c) annual general meetings; and
- (d) the Company website.

This Shareholder Communication and Investor Relations policy will be formally reviewed by the Board each year. While the Company aims to provide sufficient information to Shareholders about the Company and its activities, it understands that Shareholders may have specific questions and require additional information. To ensure that Shareholders can obtain all relevant information to assist them in exercising their rights as Shareholders, the Company has made available a telephone number and relevant contact details (via the website) for Shareholders to make their enquiries.

Recommendation 6.3

The Board encourages full participation of Shareholders at meetings to ensure a high level of accountability and identification with the Company's strategies and goals. The Company will use general meetings as a tool to effectively communicate with shareholders and allow shareholders a reasonable opportunity to ask questions of the Board and to otherwise participate in the meeting. The external auditor of the Company is invited attend each Annual General Meeting of the Company and be available to answer shareholder questions about the conduct of the audit and the preparation of the auditor's report.

Recommendation 6.4

Shareholders are given the option to receive communications from, and send communication to, the Company and its share registry electronically. To ensure that shareholders can obtain all relevant information to assist them in exercising their rights as shareholders, the Company has made available a telephone number and relevant contact details (via the website) for shareholders to make their enquiries.

Principle 7: Recognise and manage risk

Recommendation 7.1

The Company does not have a separate Risk Committee. The Audit Committee is responsible for the oversight of the Company's risk management and control framework.

When the Board meets as a risk committee is carries out those functions which are delegated to it in the Company's Risk Committee Charter. Items that are usually required to be discussed by a Risk Committee are marked as separate agenda items at Board meetings when required.

The Board has adopted a Risk Committee Charter which describes the role, composition, functions and responsibilities of the Risk Committee and is disclosed on the Company's website.

The Board has adopted a Risk Management Policy, which is disclosed on the Company's website. Under the policy, responsibility and control of risk management is delegated to the appropriate level of management within the Company with the Chief Executive Officer having ultimate responsibility to the Board for the risk management and control framework.

CORPORATE GOVERNANCE STATEMENT

Principle 7: Recognise and manage risk (Continued)

Recommendation 7.1 (Continued)

The risk management system covers:

- (a) operational risk;
- (b) financial reporting;
- (c) compliance/regulations; and
- (d) system/IT process risk.

A risk management model is also being developed and will provide a framework for systematically understanding and identifying the types of business risks threatening the Company as a whole, or specific business activities within the Company.

Recommendation 7.2

The Board will review the Company's risk management framework annually to satisfy itself that it continues to be sound, to determine whether there have been any changes in the material business risks the Company faces and to ensure that the Company is operating within the risk appetite set by the Board.

Arrangements put in place by the Board to monitor risk management include, but are not limited to:

- (a) monthly reporting to the Board in respect of operations and the financial position of the Company; and
- (b) quarterly rolling forecasts prepared;

Recommendation 7.3

The Company does not have an internal audit function. To evaluate and continually improve the effectiveness of the Company's risk management and internal control processes, the Board relies on ongoing reporting and discussion of the management of material business risks as outlined in the Company's Risk Management Policy.

Recommendation 7.4

Given the speculative nature of the Company's business, it will be subject to general risks and certain specific risks. The Company will identify those economic, environmental and/or social sustainability risks to which it has a material exposure, and disclose how it intends to manage those risks in each of its corporate governance statements.

Principle 8: Remunerate fairly and responsibly

Recommendation 8.1

Items that are usually required to be discussed by a Remuneration Committee are marked as separate agenda items at Board meetings when required. There were informal discussions held in relation to remuneration matters during the year.

The duties of the Remuneration Committee are set out in the Company's Remuneration and Nomination Committee Charter which is available on the Company's website

The Board has adopted a Remuneration and Nomination Committee Charter which describes the role, composition, functions and responsibilities of the Remuneration Committee and is disclosed on the Company's website.

CORPORATE GOVERNANCE STATEMENT

Principle 8: Remunerate fairly and responsibly (Continued)

Recommendation 8.2

Details of the Company's policies on remuneration will be set out in the Company's "Remuneration Report" in each Annual Report published by the Company. This disclosure will include a summary of the Company's policies regarding the deferral of performance-based remuneration and the reduction, cancellation or clawback of the performance-based remuneration in the event of serious misconduct or a material misstatement in the Company's financial statements.

Recommendation 8.3

The Company's Security Trading Policy includes a statement on the Company's policy on prohibiting participants in the Company's Performance Rights Plan entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the Performance Rights Plan.

Security Trading Policy

In accordance with ASX Listing Rule 12.9, the Company has adopted a trading policy which sets out the following information:

- (a) closed periods in which directors, employees and contractors of the Company must not deal in the Company's securities;
- (b) trading in the Company's securities which is not subject to the Company's trading policy; and
- (c) the procedures for obtaining written clearance for trading in exceptional circumstances.

The Company's Security Trading Policy is available on the Company's website.
